Our vision is to create a continent where young people thrive and their leadership and contributions hold significant sway.

# Providing Educational Scholarships

The AOK Foundation has thus far focused on providing educational scholarships to the less privileged and sponsoring students in tertiary institutions. This has been a crucial part of our efforts to invest in the education and development of Africa's youth, with the goal of catalyzing sustainable change and fostering a future where every individual has the opportunity to thrive and contribute meaningfully to society.

# Introducing the AOK Academy

The AOK Foundation is excited to share its plans to expand our reach and impact even further. We envision the establishment of the AOK Academy, a ground-breaking initiative aimed at empowering National Youth Service Corps (NYSC) members with invaluable skills and opportunities for growth and easy integration into the real world.

The AOK Academy will serve as a platform for NYSC members to intern and engage in courses encompassing Software Development, UI/UX Design, Data Analysis & Visualization, Quality Assurance, Product Management, Data Science, AI/Machine Learning, Cybersecurity, Cloud Computing, DevOps, and beyond.

## 2 Enhancing Productivity and Employability

By equipping these young individuals with cutting-edge skills and practical experience, we aim to enhance their productivity during their service year and position them as highly employable and competitive professionals upon completion of their tenure.
